Election for ICAR's Board

RYK-Fonden (Danish DHI) fully support Niels Henning Nielsen election for a second four-years mandate and hope in that way that we can contribute to ICAR's important work.

We see ICAR as a central part of bringing our Industry together, and support ICAR's important work to improve the economy for farmers.

So will give our full support to the time and effort Niels Henning Nielsen may spent on ICAR activities once he has been elected.

Sincerely Yours

Michael Jensen

Renouvellement des membres du Board Icar

Monsieur le Directeur,

En vue du prochaine Assemblée Générale d'ICAR et de l'élection des membres du Board, je vous serai reconnaissant de bien vouloir prendre en compte la candidature de Laurent Journaux, Secrétaire Général de France Génétique Elevage.

L'expérience, les compétences et l'implication de Laurent Journaux en font le parfait candidat pour améliorer et faire évoluer la qualité de nos élevages.

Je vous remercie par avance de l'attention que vous porterez à ma demande et vous prie de croire, Monsieur le Directeur, à l'assurance de mes salutations les meilleures.

Daniel Roguet

Président

Aveiro

Data: 18-01-2018

Dear gentlemen,

We would like to introduce Mr. António Martins the representative of ANABLE (Portuguese National Association of Dairy Cattle) at ICAR and propose him as member of the ICAR board. Currently he is responsible for the identification, milk recording and herd book services of the Holstein cattle at the North of Portugal on the regional Dairy Herd Improvement Association ABLN.

Mr. Martins is a member of the group that coordinates the breeding program. He has been participating in research projects in collaboration with CIBIO/University of Porto, the institution in charge of running national genetic evaluations for dairy cattle in Portugal, which is a member of Interbull since 2010. CIBIO and ANABLE work in close collaboration organizing animal records in a computational framework (Bovinform) that makes them prompt available for national genetic evaluations and the release of domestic and international breeding values to dairy farmers in Portugal.

I can assure that Mr. Martins has a deep knowledge on animal identification and recording and his experience in the field of dairy cattle genetic evaluations will allow him to serve as a valuable reference as board member.

I'll be pleased to add any further information, at your convenience.

Sincerely yours,

O Secretário Técnico

Samuel Rodrigo Pinto

Subject: Nomination for Board member

Dear Ms Couto,

Referring to your call for ICAR board member, CRV is very pleased to nominate Mr Frido Hamoen for the ICAR Board member position.

CRV fully supports this nomination. CRV considers ICAR as an essential organization to keep animal recording activities on a high professional level, which is by ICAR certification and by participation on a worldwide platform for organizations being involved in animal recording activities. For that reason CRV will give full support to time and effort Frido may spent on ICAR activities once he has been elected.

A short CV of Frido Hamoen will be sent separately next week.

With kind regards,

A handwritten signature in blue ink, appearing to be 'R. van Noort', with a horizontal line underneath.

R. van Noort

Dear Mr Burke,

I represent the Czech Moravian Breeders' Corporation as chairman of the board.

Our CEO at the Czech Moravian Breeders' Corporation Josef Kucera is currently an ICAR Financial Inspector and is also involved on other ICAR projects.

I've noted that according to ICAR Rules that there is the possibility of a 2-year extension to his contract.

I'm writing to you to express my backing for Josef in this regard and as chairman of the board I'd like to extend that support on behalf of our company.

Thank you.

Best regards,

Karel Horak
