ICAR Milk Analysis SC

New Candidate for SC membership from Germany – for ICAR Board Approval

Christian Riede, DOB 05.11.1978, German, grown up and living in Rhineland-Palatinate

Studied agricultural production (Dipl. Ing.) 1999-2003, master studies agricultural and ecology 2008-2010

Employee of LKV Rhineland-Palatinate since 1999 (side job while studying till 2003, dept. animal identification)

Since 2003 permanent employee:

Responsible for the laboratory quality-management (DIN/ISO 17025)

Member of the DLQ SC MA since 2008

Deputy manager of the LKV Rhineland-Palatinate since 2013

2017 responsible for constructing a new laboratory building (running since February 2018)

My philosophy: “We are not analyzing samples to get results, but to create benefit to our members (farmers, dairies, breeding organizations...)!”

I´m very excited about the work of the SC. Christian Baumgartner and Thomas Hauck told me also a little bit about the group and the problems with changing members and leaders... I hope we´ll get the group to work stable in the future. From my point, I´m not planning to leave the LKV, so hopefully I´ll be a helpful member for a longer period.
