Letter of support for candidate for the ICAR Board

We hereby confirm that Danish Agriculture & Food Council strongly supports Ida MLD Storms candidate-ship for the ICAR Board.

With Ida's experience and involvement in e.g. data registrations, breeding evaluation and feed evaluation within dairy and cattle production, we are certain that a position for her as member of the ICAR Board will be mutually beneficial for both ICAR and Danish Agriculture & Food Council.

Kind regards

Christian Lund
Chairman
DAFC - Sector for Dairy and Cattle Production

Merete Juhl
Director
